LAUKA VAI

MOTHER OF NIGHTMARES

Lauka Vai is the queen of the Avengorii Dynasty. Within this monstrous vampire, an eternal battle rages, for though she desires to lead her kin against only the worthiest foes, her thirsts sometimes drive her to the most terrible slaughter.

MELEE WEAPONS	Range	Attacks	To Hit	To Wound	Rend	Damage
Askurga Rapier	1"	4	3+	3+	-1	2
Gore-drenched Talons	3"	3	4+	3+	-1	D6
Impaling Tail	1"	D6	4+	4+	-	1

DESCRIPTION

Lauka Vai is a named character that is a single model. She is armed with an Askurga Rapier, Gore-drenched Talons and Impaling Tail.

If this model is included in a Soulblight Gravelords army with the **AVENGORII DYNASTY** lineage keyword, this model is treated as a general in addition to the model that is chosen to be the army general.

FLY: Lauka Vai can fly.

ABILITIES

Champion of the Avengorii: *Lauka Vai's masterful martial prowess and monstrous beast-form render her an unholy terror upon the battlefield.*

After this model makes a charge move, you can pick 1 enemy unit within 1" of this model and roll a number of dice equal to the charge roll for that charge move. For each 5+, that enemy unit suffers 1 mortal wound.

Nightmare's Miasma: *The strange curse of the Vengorians sees shining blades and hallowed relics rust and soften in their presence.*

While an enemy unit is within 3" of any friendly models with this ability, worsen the Rend characteristic of that unit's melee weapons by 1 (to a minimum of '-').

Undeniable Impulse: *Lauka Vai fights a constant internal battle to control her bestial nature. It is not a battle she always wins.*

At the start of your hero phase, roll a dice for this model. If the roll is equal to or less than the number of the current battle round, until your next hero phase, this model can run and still charge later in the same turn. However, this model cannot use command abilities until your next hero phase.

The Hunger: *Soulblight creatures crave the taste of blood and are empowered when they drink deep from the veins of defeated foes.*

At the end of the combat phase, if any enemy models were slain by wounds inflicted by this model's attacks in that phase, you can heal up to D3 wounds allocated to this model.

MAGIC

Lauka Vai is a **WIZARD**. She can attempt to cast 1 spell in your hero phase and attempt to unbind 1 spell in the enemy hero phase. She knows the Arcane Bolt, Mystic Shield and Death's Downpour spells.

Death's Downpour: *Lauka draws upon the corrupt ending-magic running through her veins before lifting her blade skyward, summoning a deluge of slippery gore to wrong-foot her adversaries.*

Death's Downpour has a casting value of 8. If successfully cast, charge rolls made for enemy units within 12" of this model are halved until your next hero phase.

COMMAND ABILITIES

A Queen Amongst Monsters: *The Mother of Nightmares is followed by a menagerie of twisted vampires and monstrous undead beasts, all of whom seem empowered by her very presence.*

You can use this command ability once per turn in your hero phase. If you do so, pick 1 enemy unit on the battlefield. Until your next hero phase, add 1 to hit rolls for attacks made with melee weapons by friendly **SOULBLIGHT GRAVELORDS MONSTERS** that target that enemy unit.
